

National Pollutant Discharge Elimination System Treasure Coast

BE A RESPONSIBLE NEW NEIGHBOR ON THE STATE'S HIGHWAY

- If you see a spill (oil or other hazardous materials) on the highway or any adjacent property, please call the
STATE WATCH OFFICE 1-800-320-0519 OR
- To report an illicit discharge or illegal dumping on the highway, please call
FDOT-(772) 465-7396
- If you have hazardous waste materials to dispose visit:
THE LOCAL GOVERNMENT HOUSEHOLD HAZARDOUS WASTE
<http://www.dep.state.fl.us/waste/categories/hazardous/pages/localgovhwwweb.htm>

Return used oil to your nearest service station or any auto supply store for recycling.

- To keep up to date on your storm water responsibility please visit
<http://www.dep.state.fl.us/water>.

SWEEP AND REMOVE, Do not wash fertilizers, grass clippings, pesticides, soil, or sediment into the storm drains system.

DURING CONSTRUCTION, clean equipment tires before leaving your site and don't allow any erosion or sediment to enter the highway storm drain system. Control waste that may cause adverse impacts to water quality.

Remember; what goes into a storm drain ends up floating in our waterways or washing up on our beaches!!!!

PLEASE DON'T POLLUTE OUR WATER IN SOUTH FLORIDA
